Over the years Avalon Games has come up with all sorts of background images and design elements for use in our games. So why not offer these wonderful design templates and elements to you, and for cheap. Each design set will offer you several background templates and design elements for use in your personal or commercial products. All included materials are royalty free and you may resize, crop or alter these images and elements as you wish and need. There is no need to credit Avalon Games in any way when using the image present in this product, although if you want to you are more than welcome to offer such credit.
